## SPRING LEAF & BRUSH COLLECTION

Greene Township will be commencing Spring leaf & brush pick-up **March 30, 2009 through April 16, 2009**. The collection crew will make ONE pass through the Township. Please rake your leaves and place brush at the edge of your yard, **no further than four feet from the edge of the pavement of the road**. Do not bag your leaves. The leaves and brush must be on **separate piles** in order for the township machinery to collect it and must be placed for pick up on the **first day** of the collection schedule. If the brush and leaves are not separated, they will not be collected.

## Greene Township Identification Stickers

The Greene Township Board of Supervisors is providing Greene Township identification vehicle stickers, free of charge, to any resident providing photo identification verification at the township office or composting facility.

The identification sticker can be used on bulk collection days and at the composting facility as proof of residency.

The stickers should be placed on the front driver side bumper or window to allow township personnel to view when checking for residency.

If anyone has questions regarding the identification stickers, please call the Greene Township Board of Supervisors at (717) 263-9160.

## Spring 2009 Bulk Collection Mark Your Calendar!

Bulk Collection days for Spring 2009 have been scheduled for Friday and Saturday, April 17 & 18, 2009. The collection will be at the Township building located at 1145 Garver Lane in the village of Scotland. The collection on Friday will begin at 7:00 AM and will finish at 3:00 PM. The collection on Saturday will begin at 6:00 AM and will finish at 4:00 PM. This service is provided to the residents (not commercial) of Greene Township from the supervisors. Please inform your neighbors and friends of this service and encourage them to participate.

Residents should bring drivers license as a form of identification or have a Greene Township identification sticker on the vehicle. A bulky item is an item that will not fit in your garbage container or weighs more than 50 pounds. Bulky items must be free of all garbage. Building materials, loose material and items that can be broken down to fit in a garbage container are not bulky items and will not be accepted.

Please do not bring batteries, liquefied paints, spray cans, fuel drums, and other hazardous materials. We are unable to accept them. In addition, **construction debris will NOT be accepted.** Arrangements need to be made with the landfill to dump construction debris. We will accept items not picked up by your regular trash service but we **do NOT accept regular household trash (bags of garbage, recyclables, etc).** Yard waste is also not accepted during bulk collection. Greene Township accepts yard waste on a regular basis at our composting facility on Mickey's Inn Road.

Please contact the Greene Township Board of Supervisors at (717) 263-9160 with any questions regarding our upcoming bulk collection days.

**NOTE: We will accept 20 lb. propane bottles again this spring. We will accept up to eight tires per household for disposal this spring. We will only accept standard car or pick-up truck tires. Rims and tires must be separated.**

## Winter Weather Advisory

The Greene Township Board of Supervisors would like the residents of Greene Township to keep in mind the snow removal policies and help us as we attempt to maintain safe and passable roads this winter. You can assist us by remembering a few important tips.

- **Please do not park on township roads and cul-de-sacs.** Your car can be damaged from snow and other debris being moved by the plow. This is also a **violation** of the Township Code.
- **Please keep trash bags and containers off of the roadway.** Greene Township is not responsible for damage to containers that are on the roadway or in the road right of way.
- **Greene Townships' procedure on snow removal is as follows:** During the storm the trucks will make initial and subsequent passes to open roadways and keep the roads at passable conditions. After the storm the trucks will make multiple passes to clear snow from one edge of pavement to the other of the roadway and clean intersections. Please remember this policy when clearing driveways and parking areas.
- When following a snowplow please remain a safe distance behind the vehicle so that the operator can see you. These trucks stop and back up often as well as deposit anti-skid on the road surface.
- **Do not shovel snow from your property onto the road surface or plow across the road to deposit the snow on the other side.** These practices reduce the melting effect of the salt and remove the anti-skid from the road surface. This creates an icy patch on the road that is very difficult to remove. This is also against the law and **you can be fined** up to \$300 per incident.
- If your mailbox is located within the legal right-of-way and it has been damaged in the past, homeowners may want to consider relocating the mailbox. Make sure your mailbox is firmly supported in the ground. Place reflective tape on the mailbox to make it more visible. Remove snow from around the mailbox.

Most importantly, if you don't have to be traveling please stay home. The least amount of vehicles on the road the better it is for our operators to do a fast and effective job of removing snow and ice.
