Winter Weather Advisory

The Greene Township Board of Supervisors would like the residents of Greene Township to keep in mind the snow removal policies and help us as we attempt to maintain safe and passable roads this winter. You can assist us by remembering a few important tips:

- **Please do not park on township roads and cul-de-sacs.** Your car can be damaged from snow and other debris being moved by the plow. This is also a **violation** of the Township Code.
- **Please keep trash bags and containers off of the roadway.** Greene Township is not responsible for damage to containers that are on the roadway or in the road right of way.
- **Greene Townships' procedure on snow removal is as follows:** During the storm the trucks will make initial and subsequent passes to open roadways and keep the roads at passable conditions. After the storm the trucks will make multiple passes to clear snow from one edge of pavement to the other of the roadway and clean intersections. Please remember this policy when clearing driveways and parking areas.
- When following a snowplow please remain a safe distance behind the vehicle so that the operator can see you. These trucks stop and back up often as well as deposit anti-skid on the road surface.
- **Do not shovel snow from your property onto the road surface or plow across the road to deposit the snow on the other side.** These practices reduce the melting effect of the salt and remove the anti-skid from the road surface. This creates an icy patch on the road that is very difficult to remove. This is also against the law and **you can be fined** up to \$300 per incident.
- If your mailbox is located within the legal right-of-way and it has been damaged in the past, homeowners may want to consider relocating the mailbox. Make sure your mailbox is firmly supported in the ground. Place reflective tape on the mailbox to make it more visible. Remove snow from around the mailbox.

Most importantly, if you don't have to be traveling please stay home. The least amount of vehicles on the road the better it is for our operators to do a fast and effective job of removing snow and ice.
